

Prof. Ziv Mazor is one of Israel's leading periodontists. He graduated from the periodontal department at the Hadassah School for Dental Medicine in Jerusalem, where he served as a clinical instructor and lecturer for undergraduate and postgraduate dental students. Since 1993, he has been engaged in clinical research in the field of Bone Augmentation and Sinus Floor Elevation. He is participating in the quest for improving and evaluating new grafting materials, using various growth factors as well as researching "osseodensification" - a paradigm shift in dental implantology.

Prof. Mazor is a renowned author in dental implantology, and is known worldwide for his innovative approaches in cutting-edge procedures and technologies. He is a world known speaker and has lectured extensively both nationally and internationally.

Prof. Mazor is part of the continuing education faculty at the New York University and an Associate Professor at Titu Maiorescu University in Bucharest, Romania. He conducts and moderates advanced international implantology courses and workshops. He is the past President of the Israeli Periodontal Society. Prof. Mazor serves on the editorial board of several international dental journals. He is an active member in numerous societies, such as: AAP (American Academy of Periodontology), AO (Academy of Osseointegration), EFP (European Federation of Periodontology) and ICOI (International Congress of Oral Implantologists).

Prof. Mazor maintains a private practice limited to periodontal and implant dentistry in Ra'anana, Israel.

Prof. Tiziano Testori received his MD degree (1981), DDS degree (1984). Speciality in Orthodontics (1986) from University of Milan, Italy.

Fellowship at the Division of Oral Maxillo-Facial Surgery (Head: Robert E. Marx, DDS), School of Medicine, University of Miami, Miami FL (2000).

Currently Head of the Section of Implant Dentistry and Oral Rehabilitation Department of Biomedical, Surgical and Dental Science (Chairman: prof. R.L. Weinstein), IRCCS, Galeazzi Institute, University of Milan, Milan, Italy.

Assistant clinical professor School of Dentistry, University of Milan, Milan, Italy.

Adjunct Clinical Associate Professor, Department of Periodontics and Oral Medicine, The University of Michigan, School of Dentistry, Ann Arbor, Michigan 48109-1078 USA.

President (2017-2018) of the Italian Academy of Osseointegration (IAO). Member of the Editorial Board of IJOMI, EJOI, IJPRD, Quintessence Publishing and WJCC, Baishideng Publishing Group.

Author of 105 peer-reviewed publications indexed in Pub Med, and 4 books in Implantology.

Dr. Huwais is the founder of Osseodensification. He maintains a private practice focusing on periodontics and surgical implantology in Jackson, Michigan.

Dr. Huwais completed his periodontics and implantology surgical training at the University of Illinois at Chicago. He serves as an Adjunct Clinical Assistant Professor at the University of Minnesota, Dental Implant Program.

Dr. Huwais lectures nationally and internationally on periodontal and surgical implantology procedures. He is Diplomate of the American Board of Periodontology and the American Board of Oral Implantology. Dr. Huwais is the inventor of the Densah® Bur technology.

Dr. Fabio Scutellà received his Dental Degree (DDS) in 1992 from the University of Messina (Italy).

In 1996 he was accepted by the Prosthodontics Department of the “H.M. Goldman School of Dental Medicine” Boston University - Boston, MA (USA) for a 3-year full residency (Clinical Director: Steven M. Morgano) earning a Certificate of Advanced Graduate Study degree (CAGS).

In 1999 he started a research program on dental ceramics at the Biomaterials Department of the “H.M. Goldman School of Dental Medicine” Boston University - Boston, MA (USA) for 1 full year (Clinical Director: Dan Nathanson), earning a Master of Science in Dentistry degree (MSD).

He has published several articles on national and international journals on topics related to implantology and prosthetics dentistry and he is author of the book:

- Mechanical behavior of composite layered ceramic beams: Scutella F, Nathanson D, Giordano RA (Editor David Johnson, Lambert Publishing 2013).

He is also a contributing author of the following textbooks and video-books:

- Immediate loading: A new era in oral implantology
- The art of detailing. The philosophy behind excellence
- Feather edge tooth preparation in modern dentistry: when, how and why. Scutellà F.

He is member of the Italian Academy of Restorative Dentistry and from 2010 he is a faculty member of the Master in Oral Implantology at the University of Milan (Italy) and a Member of the Editorial Board for the “CAD-CAM International Magazine of Digital Dentistry”.

He is a visiting lecturer at the “Linhart Continuing Education Program” New York University, College of Dentistry – New York.

He is a speaker for several companies and maintains a private practice exclusively dedicated to prosthetic dentistry in Como (Italy).

Dr. Tommaso Weinstein received his degree in Dentistry (DDS) and PhD from the University of Milan, Italy.

Tutor of the Implant Dentistry and Oral Rehabilitation Department (Head: Tiziano Testori MD, DDS, FICD), IRCCS Galeazzi Orthopedic Institute, School of Dentistry (Chairman: Prof. R.L. Weinstein), University of Milan.
